1. POLICY

- 1.1 To graduate, students must attend 8 out of 10 full day classes.
- 1.2 When classes are rescheduled due to weather or other cause out of the students' control, attendance is strongly urged but not required. The student can then graduate with 7 of 10 classes if one of the absences is the rescheduled class.
- 1.3 Students who are unable to graduate due to class absences can graduate within three years by attending a sufficient number of the classes they missed to meet the above requirement. Students will be encouraged to attend the subject areas that they missed.
